

CYBER SAFETY FOR FAMILIES

Understanding the hidden dangers of the Internet

May 1st, 2017

6:00pm – 7:00pm

MVCC Sanctuary

Parents only – content not suitable for children.

Join us for our upcoming parent program with notMYkid to gain valuable information on protecting vulnerable youth from the dangers of online predators, sexting, identity theft, and cyber bullying. You will learn the most recent information about the impact of social media, popular teen apps and how to create an effective family prevention plan.

- Prevent internet misuse at home
- Learn more about legal implications with online behavior
- Resources on how to create a family prevention plan
