

PRE-ENGINEERING AND ENGINEERING FUNDAMENTALS WITH LEGO CAMP

AT VILLA MONTESSORI SCHOOL
OPEN TO GIRLS & BOYS (1st – 6th Grades)
Saturday, December 7, 2013
CAMP TIME: 1:00 – 4:00 PM

Become a Play Well engineer! With over 150,000 pieces of LEGO®, take on real-life engineering challenges that explore concepts in physics, mechanical/structural engineering, and architecture. From motorized machines to castles & catapults, this is a hands-on and minds-on class suitable for LEGO® building system novices to "maniacs." Designed by engineers, the curriculum challenges both new and returning students to reach the next level of engineering comprehension all while having fun. You will have the chance to build what you have only dreamed of with the support of a Play Well engineering instructor to guide you.

PRE-ENGINEERING OR ENGINEERING FUNDAMENTALS
CAMP FEE: \$28

Gondolas

Inchworms

Arch Bridge

Play-Well TEKnoLogies provides project-based programs designed to teach principles and methods of engineering, architecture, and science to grades K – 5th, utilizing LEGO™ and other building systems. (This class is not affiliated with the LEGO Group)

Class size is limited and enrollment is on a first come first served basis. All materials will be provided.

Materials and projects will be collected after each class. Students will not take projects home.

If you would like more information about Play-Well TEKnoLogies, visit our website at www.play-well.org

Questions? Please contact Joy Schmidbauer at joy@play-well.org or 602.317.7448

Payment and Enrollment have already begun!

- All registration will be done by credit card online at our website: www.play-well.org
- Enter your zip code in the “search” box. The classes are indicated on the left in blue and the camps are indicated on the left in green. Once you click on the Villa Montessori camp, there is a “register” button where you can go to see the price of the class and fill out the registration information.
