Based on a spin-off quote from Francis Bacon:

"Some books should be tasted

Some books devoured

But only a few

Should be chewed up and digested thoroughly."

Our Elementary summer program will feature a different delicious, child-adored book each session. Its theme, characters, conflict, setting, mood, morals and genre will be enjoyed and explored through a menu of options and opportunities: performing arts, fine arts and crafts, hands-on science, creative writing, independent reading, community service projects and interactive games. While each group will read a book aimed at their interest level, both groups will engage together in a variety of activities offered to delve into their common themes and characteristics. Daily swimming and occasional field trips are included at no extra cost.
